  Student Health Center ......................................................................... 19
Vision Statement

The Division of Student Affairs is dedicated to the personal, intellectual, professional, interpersonal, spiritual development of students that promotes a healthy and diverse campus community.

Mission Statement

The mission of the Division of Student Affairs is to:

1. Promote student learning and holistic development that also fosters a recognition and appreciation of diversity;

2. Provide services, facilities, and physical structures which encourage interpersonal engagement, stimulation of the learning process and promotes mental, physical health and wellness;

3. Foster a campus community which promotes student involvement through enhanced interpersonal and social engagement opportunities, organizations and programs;

4. Develop and enhance collaborative relationships with students, faculty, staff, and the external community to better serve student needs and ensure high quality services and programs;

5. Develop and expand efforts that encourage student recruitment, retention, and graduation.
The Division of Student Affairs commits itself to the enhancement of the personal, educational, occupational, and professional development of students. The University is more than an educational institution. It is an academic community where faculty, staff, and students work together for the advancement of the University and the outside community.
Student Union, Activities and Recreation combines co-curricular opportunities for students through programs, services, and facilities including the Student Union, Student Activity Center, Belk Gymnasium, Cone University Center and outdoor recreational fields. Students can participate in a wide range of activities including those offered through Recreational Services, such as intramurals and club sports as well as those offered through Student Activities, including leadership, multicultural, outdoor and weekend programs, and support for over 350 student organizations.

Student Union, Activities and Recreation
The **Student Union and Cone University Center** provide services and amenities for all members of the University community including students, faculty, staff, alumni, and guests. Both offer welcoming environments supporting a diversified array of programming, gathering, and study spaces that create opportunities for enhanced educational, cultural, and social interaction. Cone University Center houses CRES (Conferences, Reservations & Event Services) and many other campus departments. The Student Union serves as headquarters for Student Activities, Student Government, and a connection to over 350 student organizations. The Student Union also features dining options, an art gallery, movie theater, NinerTech Computer Store, Barnes & Noble at UNC Charlotte, The Campus Salon, games, meeting rooms, and lounge areas.
The Student Activity Center and Venue Management is charged with the stewardship of the James H. Barnhardt Student Activity Center (including Halton Arena), the Judy W. Rose Football Center and the game-day operations of Jerry Richardson Stadium. To the thousands of people who attend events in these venues, the SAC serves as the welcoming ‘front porch’ of the University. The facilities are busy with a variety of campus and community events as well as campus recreation. Daily operation of these facilities requires numerous student staff for whom this is an introduction to professional employment after graduation.
Student Activities is committed to creating student learning and development opportunities that inspire campus involvement and civic engagement. Encompassed within Student Activities are opportunities for students to develop lifelong individual and team leadership skills through intentionally structured activities and student organization involvement; learn about identity and diversity, civil interaction and develop cultural competencies; and to become informed about and engaged with the University community. The professional staff supports the work of UNC Charlotte students and provides opportunities for holistic development.
The **Department of Recreational Services** offers every UNC Charlotte student the opportunity to take advantage of a wide variety of recreational activities/events and services. Our staff of qualified professionals is dedicated to improving the overall wellness of our campus. Recognizing that needs, interests, and skill levels of individuals differ, we pride ourselves in offering “something for everyone”, whether it is intramural sports, sport clubs, aquatics, open recreation, fitness, or one of many special events offered during the year.

*Vacant pending completion of Belk Gym renovations.*
The staff of Research and Systems Development support both the research and technology missions of the division. In addition to providing direct technology support to the Dean of Students and the Vice Chancellor’s offices, the group also assists in coordinating assessment activity within the division through a wide range of data collection, extraction and analysis, survey administration, and research methodology development. Members of the team represent the division on a significant number of university wide technology and assessment committees, teams and other groups.

The Title IX Office is dedicated to promoting a safe and healthy campus environment through compliance with Title IX of the Education Amendments of 1972 and The Campus Sexual Violence Elimination Act (Campus SaVE). Title IX requires equity in education without sex discrimination and Campus SaVE requires education and prevention of sexual assault, dating violence, domestic violence and stalking. In addition to education and awareness programming, the Title IX staff receives reports from students or others who have experienced or witnessed sexual misconduct, relationship violence, and/or stalking, investigates such occurrences, and is involved in the process of resolving complaints in a fair manner.

Title IX Office

Title IX Coordinator
Dawn Floyd, J.D.

Title IX Investigator
Christine Weigel
Administrative Assistant
Adrianna Bradt
The Dean of Students Office serves as a key link to help students navigate the University experience. Various programs are sponsored by the Dean of Students Office to promote opportunities for learning and growth during a student’s college experience. Program areas housed within the Dean of Students Office include Fraternity and Sorority Life, Latino Student Services, Minority Student Services, New Student and Family Services, Off-Campus and Volunteer Outreach, Student Assistance Services, Student Conduct and Veteran Student Services. In addition, the Dean of Students Office assists students with requests for academic accommodations, withdrawals from the University for extenuating circumstances, and provides support for any student who has a grievance or concern about the University. The office also coordinates and assists with the settlement of academic and behavioral misconduct charges against individuals and student organizations.
The Department of Housing and Residence Life is comprised of a vibrant and energetic team of professionals committed to creating communities that enhance the academic, personal and social development of residential students and to providing students with a variety of services and comfortable living environments that are clean, safe, and affordable. Approximately 5,700 students live in sixteen residence halls and Greek Village.
Health Programs and Services provides comprehensive wellness-related care and education for students through the programs and services of the Counseling Center, Wellness Promotion, and the Student Health Center.

The Counseling Center supports the academic, personal, and interpersonal development of UNC Charlotte students by providing short-term individual and group counseling; consultation for faculty, staff, parents, and students; and educational programs to the campus community. The Center is staffed by experienced and licensed or license-eligible psychologists and social workers as well as graduate students in psychology, counseling, and social work.

Health Programs and Services provides comprehensive wellness-related care and education for students through the programs and services of the Counseling Center, Wellness Promotion, and the Student Health Center.

The Center for Wellness Promotion provides current information on health promotion and disease prevention issues in an interactive learning environment. Licensed clinical addictions specialists and certified health educators work with UNC Charlotte students in individual sessions and in groups. The staff provides direct interventions for students, outreach to campus and community groups, and participates in grant writing and research.
Health Programs and Services provides comprehensive wellness-related care and education for students through the programs and services of the Counseling Center, the Student Health Center, and Wellness Promotion.

The Student Health Center provides primary medical care and wellness promotion to UNC Charlotte students. Among its many services, it has a pharmacy, psychiatry, immunization clinic, nutrition services, and physical therapy. It administers the University’s immunization compliance requirement and the student health insurance plan.
